

Microsoft Report Viewer -- Redistributable 2005 Uninstall Instructions for ECMPS Beta Testers

This document will help guide you through the removal of the Microsoft Report Viewer -- Redistributable 2005 application. This step **must be** completed prior to removing a previously installed version of the ECMPS Beta Client Tool application. Distribution of the updated ECMPS Client Tool application installation files is through a download from the ECMPS Beta Testing website: <http://ecmps.pqa.com>.

To begin the uninstall process, click on the Control Panel in the Start Menu. Next, select the Add or Remove Programs function available in the Control Panel (see Figure 1).

Figure 1
Add or Remove Programs Function

Double-click the Add or Remove Programs icon and highlight the installed program "Microsoft Report Viewer Redistributable 2005." Click the Change/Remove button (see Figure 2) The Maintenance Mode window will appear. Select the Uninstall radio button and click on the Next button (see Figure 3).
